

XPCC - HRAD23XPCC

- orig. cloned using cDNA library complementation
- deficient in bulk repair

Fractonate MetA

↓

Two peptides

↓  
Microsequencing↓  
PCR

↓

- 125 kDa → same as Legurski & Peterson XPCC but w/ additional bases

- 58 kDa → homolog of RAD23 · doesn't comp. any known XP groups

XPCC = RAD4

RAD4 -
